Correcting the linked file and adding it to the meeting series

Trying to make these weekly instead of biweekly through late May, as requested by some folks on the team...

Adding Jessica to this series as she also attends the ESA discussions with EFED and PRD - Nikhil

Hello –

As we discussed this morning (July 21) I am replacing Dexter's meeting with a biweekly meeting to discuss any developments related to BEAD work for the ESA deliberations on the neonics. I'll cancel individual meetings if there is nothing new to discuss.

Please forward to anyone in your branch that I may have missed.

Thanks, Nikhil
